Bringing Strangers Together

Creating friendships with food, drink and conversation

REGISTER

A mobile app login screen mockup for an iPhone in landscape orientation. The screen has a light green background with a subtle topographic map pattern. At the top right, there is a hamburger menu icon consisting of three horizontal orange lines. The form consists of two text input fields: the first is labeled 'Username' in a dark blue font, and the second is labeled 'Password' in the same font. Both fields have a thin blue border and contain placeholder text of the same color. Below the password field is a rectangular 'Sign In' button with a thin blue border and dark blue text. At the bottom of the form, the text 'Not Registered?' is followed by a link 'Create Account' in orange. The entire screen is framed by a grey border representing the iPhone's bezel and home indicator area.

Hosts...

We would love all of our users to try out hosting as we believe it to be one of the most rewarding experiences. Once registered follow the Create Event link and here you can advertise your Supper Club to our registered users.

It's simple and you can add as much information as you choose, we do however require an event name, location, cuisine, date,
